

August 30th, 2018

Goodhope Bags, Inc. is committed to comply with all national and local legal requirements. We take all necessary steps to ensure that our products meet Federal product regulations. Starting August 30, 2018, Goodhope Bags, Inc. who operates as a supplier/manufacture in California will need to comply with the appropriate Prop 65 labeling of our Products (Cal. Health & Safety Code § 25249.6.), Goodhope Bags will ensure that shipping cartons are labeled with the following Prop 65 warning

Customers can also request that individual products be labeled (additional charges will apply) and must be requested in writing. Although Goodhope Bags does not intentionally add chemicals which might require a warning label, Safe harbor level limits have not been fully established by Proposition 65 for all substances, and that list changes every year.

If you need additional information or have questions please feel free to contact us.

Sincerely ,

Amy Shih

Chief Operation Officer
